Used by

“THE HOME DEPOT”

“E” TYPE DUST COLLECTORS

- All filter bags are 24" dia. by 72" long with a 6" top inlet
- E-Style collectors come with a TEFC high efficiency motor, three phase (single-phase 110/220 available)
- Units need very little space and are 115" high (for dimensions see reverse)
- All collectors available with silencers (not included)
- 45 imp. gal. or 55 us. gal. drums are available (not included)
- Switches, dust-tight and magnetic are available (not included)

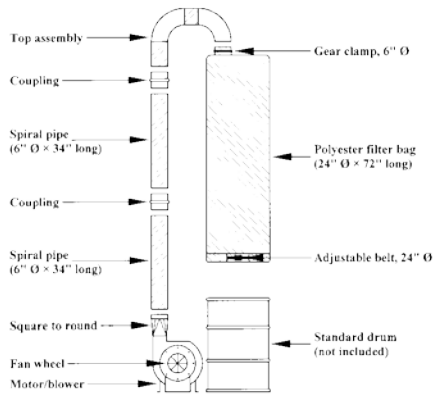

- Single station units can be expanded into 2 or 3 station units if needed for large dust volumes.
- Also available: drums, flexhose, wall mounting brackets, silencers, clamps, extra filter bags and duct work.

You'll also find our “E” Series dust collectors put to good use in many Home Depot Stores across Canada and USA.
